

Bobcat®

COMPACT EXCAVATORS

E34 E35z

One Tough Animal®

MAXIMUM PERFORMANCE AND COMFORT IN COMPACT FORMAT

The new Bobcat E34 and E35z are built around the operator - providing a roomy and comfortable cab, with great visibility. Easy to operate, these machines are amazingly stable and provide performance and transportability.

These compact machines offer a mix of traditional Bobcat performance and best-in-class controllability. And, so that you can keep working without interruption, their design and manufacture use the latest technology for guaranteed reliability.

E34 - Conventional Tail Swing

- Machine is just 1550 mm wide
- Ideal for highly demanding applications where performance must be combined with compactness

E35z - Zero House Swing (ZHS)

- Zero House Swing concept for peace of mind
- Best possible mix of compactness, a large operating range and great stability

RESPECTED PERFORMANCE WITH ENHANCED CONTROLLABILITY

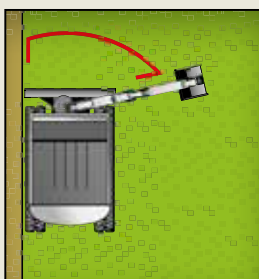

A new generation

The new generation of 3.5 ton Bobcat excavators offers higher stability coupled with excellent performance and even greater controllability.

Zero House Swing (ZHS) concept for E35z

The Bobcat Zero House Swing (ZHS) concept enhances Zero Tail Swing (ZTS) functionality by further protecting the front upper structure corners when turning within the swing circle. The design of Bobcat machines also eliminates the 'unicorn' effect of having the boom swing cylinder exposed during parallel digging.

Conventional models

ZHS models

NO COMPROMISE ON COMFORT

Great features for extra comfort

Bobcat's spacious and fully featured cabs are legendary, and the Bobcat E34 - E35z cab is no exception.

Thanks to a number of features - like the new engine, air intake, cooling and exhaust systems - you experience less vibration, heat and noise in the E34 and E35z.

And our cab design gives you more space, visibility and overall comfort - so the operator can work without getting tired.

1 - Standard display

1 - Deluxe display

1. Instrument panel

The display is clear and easy to reach. It features an indicator for the automatic light switch-off function, optional keyless ignition and operational information such as hours, rpm and job clock.

2. Air conditioning

The Bobcat advanced climate control system keeps you comfortable even in extreme weather conditions. The heat and air-conditioning vents allow you to direct airflow where you need it most.

3. Second speed, auto-shift and auto-idle

The travel motors automatically return to high speed after downshifting under load. This allows smoother turns and easier dozing work. Auto-idle is available as an option to reduce fuel consumption.

4. Floating blade

Automatically controlled blade flotation for quick and easy performance of levelling operations.

5. Thumb control for boom swing and auxiliary hydraulics

A thumb control is integrated in the joystick for better metering of the boom swing and the proportional auxiliary hydraulics.

6. External fuel cap

The external lockable fuel cap makes refuelling easy and safe. For extra convenience, a warning beep sounds when the maximum fuel level has been reached.

RENOWNED QUALITY AND EASY MAINTENANCE

Designed and tested for life-long performance

The materials, components and structures have been stringently tested for endurance under extreme conditions.

Reliability built into every feature

- Rear tailgates protected by casted counterweights
- Combination of metal covers with weather and impact resistant polymer plastic covers can be opened or bolted on
- New robust protection for boom cylinder
- Proven boom and dipperstick design
- Blade design enhances robustness and self-cleaning
- Increased protection for hoses and pipes
- Wrenchless hydraulic hose technology helps prevent leakage
- 2-piece blade cylinder hoses
- Maintenance-free track rollers and idler
- Auto-tensioning and maintenance-free fan and alternator
- Battery disconnect for storage and transport
- Enhanced level of Fit & Finish for exterior covers, cab & canopy, workgroup
- Paint quality meets highest customer expectations

Quick and easy servicing

The unrivaled design, quality and durability of Bobcat Genuine Parts ensure minimum downtime and keep your machines performing optimally.

E34 E35z — SPECIFICATIONS

	E34	E35z
WEIGHTS		
Operating weight with cab and bucket (ISO 6016)	3476 kg	3499 kg
Transport mass (no attachment)	3312 kg	3335 kg
Weight reduction with canopy		-118 kg
Additional weight for cab with HVAC		19 kg
Additional weight for steel tracks		96 kg
Additional weight for long arm		12 kg
Additional weight for heavy counterweight		291 kg

ENGINE		
Make / Model	Kubota / D1703-M-D1-E4B-BC-2	
Fuel / Cooling	Diesel / Liquid, forced circulation	
Number of cylinders	3	
Displacement	1642 cm ³	
Maximum power @ 2200 rpm (ISO 14396)	18.2 kW	
Maximum torque (SAE)	97.4 Nm	

PERFORMANCE		
Digging force, standard arm (ISO 6015)	20790 N	
Digging force, long arm (ISO 6015)	18010 N	
Digging force, bucket (ISO 6015)	33430 N	
Drawbar pull	34132 N	
Travel speed, low range	2.6 km/h	
Travel speed, high range	4.7 km/h	

HYDRAULIC SYSTEM		
Pump type	Single outlet variable displacement, load sensing torque limited pump with gear pumps	
Total hydraulic capacity	101.2 l/min	
Auxiliary flow	63.9 l/min	
Auxiliary relief	206 bar	

SLEW SYSTEM		
Boom swing, left	75°	
Boom swing, right	55°	
Slew rate	8.6 RPM	

FLUID CAPACITIES		
Cooling system	8.0 l	
Engine lubrication plus oil filter	5.2 l	
Fuel reservoir	52 l	
Hydraulic reservoir	8.3 l	
Hydraulic system	39.7 l	

ENVIRONMENTAL		
Noise level LpA/EU Directive 2006/42/EC	77 dB(A)	
Noise level LWA/EU Directive 2000/14/EC	94 dB(A)	
Whole body vibration (ISO 2631-1)	0.11 ms ⁻²	
Hand-arm vibration (ISO 5349-1)	0.34 ms ⁻²	

STANDARD FEATURES		
1550 mm dozer blade (E34)	Horn	Retractable seat belt
1750 mm dozer blade (E35z)	Hydraulic joystick controls	Suspension seat with high back
300 mm rubber tracks	Proportional fingertip auxiliary and boom swing offset hydraulic control	TOPS/ROPS/FOPS canopy*1
Adjustable double acting auxiliary hydraulic (AUX1) with Quick Couplers	Control console locks	Two-speed travel with Auto shift
Battery disconnect	Cupholder	Upper structure four-point tie down
Blade float feature	Engine/hydraulic monitor with shutdown	Warranty: 24 months, 2000 hours (whichever occurs first)
Clamp ready	Foldable and ergonomic pedals	Water separator
Full fuel warning alarm		Work light (boom)

OPTIONS		
1st AUX hydraulic on arm	Direct-to-tank-AUX1 line	MS03 coupler
2nd AUX hydraulics (boom, arm)	Dlx textile suspension seat	Object handling device (safety valves + overload warning device + lifteye)
Air conditioning (Cab with HVAC)	Fire extinguisher	Special applications kit
AM/FM MP3 stereo radio	Heavy counterweight	Steel tracks
Additional lights (2+1)	Keyless ignition	TOPS/ROPS/FOPS cab with heater
Auto idle	Klac coupler	Travel motion alarm
Beacon	LED lights set	
Bobcat hydr. pin grabber	Left and right mirror	
	Long arm
